A Reading Course in Hist	ory,	Biogr	raphy	and l	Philos	ophy.

The above course of study was adopted by the Board of frustees, at its recent meeting, and is now submitted to the arrons as the best that could be prepared. An examination of it will exhibit two or three things of great importance to direction:

First. While the Mathematical course of other Colleges forms the basis of this, the amount and peculiar adaptehenss of our English studies, cannot fail to secure to our pupils a shorough understanding of the English Language, and an exmaive acquaintance with its best Literature. The country may look for thorough training in these studies, from the Elmetary principles to the highest accomplishment of our Litrature.

In the second place: Latin and French are now made regdian studies, without extra charge. All who take the Colleg course are required to study these Languages. Excellest Teachers for both have been secured, and they will have mitable time and place provided. In the Latin and French, then, we expect to have scholars, not pedants.

There is another feature in the course, which must meet the approval of every lover of thorough Education. We have provided a second course, called "The E.sident Graduate's Course." Young ladies who have graduated here, or else-tere, and desire to extend their Education, may now have seep facility for the accomplishment of this purpose. Many parents find their daughters, through the ordinary course of saturation, hefore their minds are developed, and before they are prepared to take their places in the "Drawing-Room" as

young ladies. This can only be remedied by continuing at school. We have prepared a year's course for these, and eafidently expect that a faithful attention to it will do morels educate woman, than two years of ordinary study. As a inducement to faithful application, we will give a second by ploma to these who graduate in this course, called Mistress of Arts.

THE SCHOLASTIC YEAR.

The exercises of this Institution will begin on the first day of October, and close Wednesday after the second Sabbah in July, which will be

COMMENCEMENT DAY.

Pupils may exter at any time during the term, and will be charged from the beginning of the month in which the yeule. No deduction from Tuition Fees for absence, except in cased protracted sickness. Half of the charges, for Tuition and Board, must be paid in advance: the remaining half at the close, of the Scholastic Year.

MUSICAL DEPARTMENT.

The Board of Trustees consider themselves peculiarly for tunate in procuring the services of Dr. Wurm, whose knoa abilities and extensive reputation, will put this Department, at once, on an equality with any in our Country, and perhap make it superior. He has taught for a number of years in Alabama and Georgia. He has been a citizen of our Town, and a Teacher of Music here for five years. We know his to be a gentleman, courteous in manners, irreproachable is morals, and eminently qualified for teaching.

The following is an extract from the Catalogue of "The Southern Female College," with which he was formerly connected:

a Professor Wurm is a graduate of the University of Munich, in Bavaria. He is a goutleman of high and varie' acquirements, although he has devoted himself chiefly, for the last twenty years, to teaching the Science and Art of Vocal and Instrumental Music. His learning, taste, experience, and not, industry and energy, insure to his pupils the most critial and thorough traifing, and the most accurate and brilliant recention."

The following remarks of Professor Jewett, of Alabama, are worthy of votice:

During the two years Dr. Wurm has been connected with the Judson Institute, he has given the most perfect satisfaction. He is a gentleman of the purest morals; a man of prolity and honor; of fine sensibility—of great amiability of super, and of gentle and pleasing manners.

To his knowledge of the Science of Music, which I befee to be unequalled in the Southern Country, he joins an usual aptitude and tact for imparting instruction; a power of animating, inspiring and pushing forward his pupils, found aly among the greatest masters of the Art of Teaching. I' juli only add, that all his plans for the improvement of his sciolars are regulated by the strictest system and method, and he prosecuted with an industry that never tires—an energy hat conquers all difficulties."

As a Vocalist, Dr. Wurm, we presume, has no superior. He was trained by Senior Petri, of Munich, for the Italian opera. We, therefore, expect our pupils to become fine sigers.

Dr. Wurm will have the co-operation of Teachers of disinguished ability. Those, therefore, wishing a correct and aborough knowledge of the Science of Music, will do wellbavail thems-tres of his instruction.

BOARDING DEPARTMENT.

The recommodation in the Boarding Department is anaple, and ples sant. There are thirty rooms, besides the large Ding-Roor and Parlor, affording convenient lodging for ninety, papils. These rooms are neatly furnished with all that is necessary for the young ladies, so that there will be no extra eness in purchasing furniture. Mr. and Mrs. Judge will have charge of the Boarding House, and we can promise every parent, that their daughters will be well cared for all the time. Capt. Judge has already greatly improved the house and grounds, and will go on with those improvements, until this Department will be made one of the great attractions of the College.

The location of the Institution is on a hill, commanding a beautiful view of the City and surrounding Country. Thirty acres of land surround us, affording shady walks and quiet retreats for study and meditation, as well as ample room for healthy exercise, within the College enclosure. Board may also be obtained at private houses, by those who prefer it, and at reasonable charges.

EXPENSES. Tuition in Literary Department.

	College Classes, per annum	. 12	AL.		-	-	8500
	Preparatory Classes, per annu	m		-	-		80 0
Š	Primary Classes, per annum	-	70.	-			240
	Fuel, Repairs, &c. (in School	Roon	1)				20
	Diploma at Graduation -		-	.00		~	50
	Diploma for Second Degree		38	1		-	100

Musical Department.

<	Tuttion on	Plane,	per	annum				-		200.00
2	Tuition on	Harp,	per	annum	-		-			50 00
2	Tuition on	Guitar,	per	annum	-	-	-		-	50 001

Use of Instrument to those who practice at the College

Vocal Music to the whole School free of charge.

Ornamental Department.

The Ornamental Department will be under the direction of Or. Wurm, assisted by his accomplished lady and Miss Maria Brown; and in this Department, also, we offer advantages superior to any Institution in the Country.

Drawing (Sketching, Monochromatic Painting) for the

eourse	-		-	-	-		-	\$20 00
Painting in	Water	Col	ors			-	-	25 00
Pastel Pain	ting	-		-				30 00
Oil Painting	5 -			-		-		40 00
Ornamental	Needle	2-W	ork				-	15 00
Wax Fruit	and Flo	wei	rs -			-	-	20 00

Boarding at the College, everything furnished, \$14 per montin.

By reference to this list of expenses, patrons will see that there are no extra charges in the Regular Course. The whole amount will be \$50 for Tuition—Latin and French included. For Fuel and Repairs in the School Rooms \$2, and for Board \$14 per month.

If parents will furnish books, or supply their children with money to purchase them for eash, we promise them, that there will be no other item of expense on their bills for the Regular Course.

Music and the Ornamental Branches are at the option of parents, these will be furnished at the rates published.

No young lady shall be allowed to open an account in the stores, without permission from her parent or guardian, and even then accounts must not be made without the advice of the President or one of the Faculty.

DRESS.

We do not think it expedient or economical to adopt any yamiform for the pupils, but we will insist on plainness and neatness of apparel. Jewelry and costly dress will be positively forbidden. This shall be enforced, not only by the authority of the Faculty, but by the example and precept of the ladies of the Establishment.

As our term begins in October, we recommend that the children sent to our care, be furnished with a good supply of Winter clothes, and two or three pair of thicksoled shoes. This will be all sufficient until the next Spring, when Summer clothes can be sent them, or procured here, under the direction of the Teachers; and we most ungently request, that the style in which dresses be made, shall be such as will cover both arms and neck. As an Institution, we make no war of fashion, but for many good reasons we could mention, we shall forbid the prevailing custom.

GUVERNMENT.

The government of the College is entrusted to the President and his Associates in the Faculty of instruction. A prompt and cheerful obedience to the laws will be expected, and this shall be enforced by appeals to the reason and conscience of the pupil. Appeals to the conscience, sustained by clearly revealed principles of the Word of God, have always proved most successful in securing faithful obedience. While we shall avoid sectarian dogmatism, we shall feel it our imperative duty to teach them the Bible, and their relations to God and man. A reference to the Course of Study, will show that it has much of Biblical Literature in it, and we shall deviolence to the design of the Board of Trustees, if we only teach the proprieties of life, and the conventional rules of society—we shall therefore be carnest in enforcing the religion of the Bible.

ADDRESS TO THE PATRONS.

During the year, the College with all its fixtures, both in the Chapel and Boarding House, have been purchased by the Georgia Conference. The Board of Trustees were in session during the commencement, and with great unanimity effected the organization of the College. Prof. Mayson has taught in the College for the last six months, and his success: was so distinguished, that he was unanimously elected to the shair of Mathematics. We say nothing more for him than that which the Examining Committee expressed-"He is all we wished." Prof. Harris is a graduate of the Military lustitute of Virginia, where special attention to Natural Science and French is given, and his testimonials in these branches show the highest qualifications. His success in Sparta, Ga., where he has had, the present year, the largest school which has been there for many years past, will be guarantee enough that his department will be inferior to none. The Trustees have ordered any addition to the Apparatus that may be needed so that we shall be able to give great facilities to our pu, pils, not only in the lectures of an accomplished Professor. but also in the successful demonstrations of the Laboratory. The success of Prof. Akers, for the last six years, is known to most of our patrons already. He comes fresh from the School Room, a thorough scholar and an experienced teacher. Of Mrs. Judge, little need be said. For twelve years she has been the most efficient teacher in the College, and is now all that Miss Denton was and more. Mrs. Chapman has taught in the Southern Female College the past year, and is known to this community as the most successful manager of the Primary Classes that has been here for years. With President Connor at the head, our Faculty will compare favorably with any in the South. We have received the most cheering intelligence of the pleasure with which the new organization of the College is hailed, and now look forward to a future.

more brilliant and useful, than that which it enjoyed in its palmiest days. We return our sincere thanks to the patrons of the College, and hope to prove ourselves worthy of increased favor, and an extensive patronage.

EXECUTIVE COMMITTEE.
